

Doncaster  
Council

On the 9<sup>th</sup> of February 2021 the Government announced, following a successful pilot scheme, that free PPE is now been made available to 'extra-resident' unpaid carers who need it, so they can continue to keep themselves and those they care for safe from COVID-19 if they have to move between households. Doncaster Council are pleased to announce that we are supporting this, to ensure carers in Doncaster can access the necessary free PPE. To make the free PPE accessible to as many people as possible we are pairing up with our partner Making Space, Doncaster Carers Out Reach Service whom already offer support to the carers across Doncaster.

The criteria (as set out by the Government) is that you must be providing unpaid personal care to a friend, family member and move between households to provide the care.

To access this free PPE you should contact Making Space, Doncaster Carers Reach Out Service who will be able to take you through the initial process. Contact requests and collecting PPE will be on a Monday and Thursday between 10am – 3.30pm. Initial contact can be made by calling 07713 089678 or email:

[amanda.tomlinson@makingspace.co.uk](mailto:amanda.tomlinson@makingspace.co.uk)

PPE can be collected from Unit 4 Stone Cross House, Doncaster Road,  
Kirk Sandall, Doncaster, DN3 1QS

Making Space Doncaster Carers Reach Out Service will support you in your caring role and help you stay connected in your local community.
