

## Doncaster Carers' Reach Out Service Launch of Carer's Nominated Card

We are launching a new carers nominated card for family adult carers in Doncaster

This card can help you show that you are a family member or friend who cares for an individual. The card will include details of someone who can be called should you find yourself in an unexpected situation where you are unable to carry out your usual caring role\*

\*The contact will be someone that you, the carer, arrange yourself, for example a family member, a friend or neighbour and you will need their permission

To be eligible for the card you will need:

- To be 18 years of age or over and live in Doncaster
- To be an family or friend carer for another person, this doesn't have to be on a full time basis or include all elements of caring for someone, such as personal care
- To be able to provide a recent passport sized photograph of yourself (if you want to include a photo on your card)
- To be able to nominate a contact\* (if you want to include a nominated contact on your card)
